

GRANULAR

Multi-Branched Long-Term Soil Surfactant

GENERAL INFORMATION

PBS150 Granular is a long-term surfactant utilizing a unique multi-branched surfactant molecular structure to address the source of performance loss – biodegradation of the surfactant molecule by soil microbes. This increased performance may aid in reducing hydrophobic conditions on a sustainable basis for up to 150 days. **PBS150** Granular may also help to restore the uniform movement of water into and through the soil profile. When used as directed, **PBS150** Granular is safe to turf and can be applied at anytime of the year to avoid the detrimental impact of water repellency stress and localized dry spots on turf and to increase the vigorous appearance of turfgrass.

CONDITIONS OF SALE WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

PBS150 Granular comes with a 100% money back guarantee. If you are not satisfied with PBS150 for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

CAUTION

Not for use on Food Crops. KEEP OUT OF THE REACH OF CHILDREN. Read label before use. Wear goggles and chemical resistant gloves.

HAZARD STATEMENT(S)

May cause respiratory irritation.

RECOMMENDED SPREADER SETTINGS*

BRAND / TYPE	SPREADER SETTINGS - kg/100m ² (lb/1,000 ft ²)
	200 kg (4 lb)

Earthway / all rotary models	12
Prizelawn CBR III / rotary	1
Scotts (Pro Turf) R8A / rotary	J
Spyker / rotary	4.4
The Andersons Model 2000 SR / rotary	K

*To assure accurate applications, calibrate your spreader periodically.

Weight to Volume Equivalents for PBS150 Granular Formulation:
2.0 kg (4.0 lb) = 250 ml (8 fl.oz.) of PBS150 Liquid

Warning

GUARANTEED MINIMUM ANALYSIS

Active Ingredient:	Polyoxyalkylene polymers	13.5%
Inert Ingredient:	Porous ceramic carrier	86.5%

PBS150 Granular should be applied early in the season before localized dry spot conditions and formations occur.

REGISTRATION NUMBER 2011030A FERTILIZERS ACT

DIRECTIONS FOR USE

Fairways, Tees, Bunker Faces, Collars, Roughs, Lawns, and Sports Turf

Single Application: (75 Day Moisture Management)

Apply 2 kg per 100 m² (4 pounds per 1,000 ft²). Reapply after 60 to 75 days or as needed.

Split Application: (150 Day Moisture Management)

Apply two applications 7 to 10 days apart at 2 kg per 100 m² (4 pounds per 1,000 ft²). Reapply a split application after 120 to 150 days or as needed.

Irrigation is necessary to release **PBS150** from the carrier. Irrigate before next mowing or leave baskets off.

IN CASE OF CONTACT

In Eyes – Immediately wash eyes with large amounts of water for at least 15 minutes, lifting the lower and upper lids. Seek medical attention IMMEDIATELY.

On Skin – Remove contaminated clothing and immediately wash contaminated area with large amounts of water for at least 15 minutes. Seek medical attention.

If Swallowed – If person is conscious, immediately give large quantities of water. Do not induce vomiting. Do not induce vomiting or give fluids by mouth to an unconscious person. Seek medical attention immediately.

If Inhaled – Move person to fresh air and check to ensure adequate respiration. Seek medical attention immediately.

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.
